POLICY DOCUMENT

"Ban on the use of Plastic in DAVIET Campus"

Plastic pollution is currently one of the biggest environmental concerns. The short-term benefits and convenience of plastic and plastic goods have led to a boom in the production and consumption of plastic. Over the past century, excess-consumption of plastic has surpassed management of plastic waste and led it to become a scourge to the planet. Plastic is a menace that impacts not the environment as well as our health and wellbeing. We have all contributed to this problem, knowingly and unknowingly and now we all must work to reduce and eliminate plastic pollution by actively contribute to the effort of banning the use of single-use plastics.

In view of the above, Institute has adopted following guidelines, policies and practices towards cleaner and plastic-free campus.

- Institute will conduct events and poster competitions etc. on designing ecological and environmentally friendly goods to minimise the use of single-use plastic on regular basis.
- Institution will carry out awareness drives and sensitizing workshops on the harmful impacts of single-use plastics.
- Institute will ensure plastic-free campuses. Students and faculty must work towards this in mission mode. Usage of plastics should be stopped in canteens, shopping complexes in the institution's premises and hostels, etc. Students may not be permitted to bring non-bio- degradable plastic items to the institution.
- Every student will be motivated to make his/her household plastic-free. Students to be incentivized to carry out similar campaigns at the community level.
- Institute will ensure Installation of necessary alternative facilities like water units to avoid the purchase and use of plastic water bottles in coming days.
- Institute will ensure the presence of alternative solutions like cloth bags etc., to plastic bottles, covers and other goods on campuses.
