HAVAN YAJNA

DAVIET in tune with Indian ethics and practices believes in sanctity and importance of *Havan Yajna* which is associated with spread of positives vibes and is a scientifically proven method for purification of environment.

Accordingly, *Havan Yajna* is a regular activity in the institute. Apart from special occasions such as commencement of academic session and other such auspicious events, one *Havan Yajna* is performed every month and is coordinated on rotation by every department.

This, in addition, inculcates the qualities of team spirit, universal human values and Indian culture amongst the staff and students.

Havan Yajna Performed by Principal along with faculty, staff, and students

Ref. No. : DAVIET/2021-22/817

Dated : 16/11/2021

Office Order

We used to perform Hawan Yajna in the institute since its inception, but due to COVID reasons the practice was halted for some time. Now, keeping the good ethics of DAV culture, each department will perform Hawan Yajna once in an academic session on the 1st Tuesday of the month at 8:30 AM onwards and faculty/staff & students from other departments are invited to join the same. Following months for performing Hawan Yajna in the academic session are allotted to the departments:

November	- BM
December	- MCA
January	- ME
February	- ECE
March	- CSE
April	- Admn. Office / A/c Office/ BHMCT
May	- IT
June	- EE
July	- CE
August	- AS

H.o.D (Applied Sciences) will coordinate all the Hawan Yajnas.

NEW ACADEMIC SESSION AT DAVIET INAUGURATED WITH HAWAN YAJNA

New academic session at DAVIET starts every year with *Hawan Yajna*. In the fortitude of DAVs Arya Samaji fervor, Hawan Ceremony is held in the elaborately titivated Lala Chanchal Das DAV Auditorium, to seek the blessings of Almighty. The Vedic hymn during the Hawan Ceremony creates a devout vibe. Principal, Deans, HoDs and Faculty of DAVIET extends a rapturous welcome to the chief guest, new students, their esteemed parents, distinguished guests, and dignitaries present on the occasion and blessings upon the youth and motivates them to work with dedication in order to keep pace with the upcoming technologies.

Inauguration of new academic session by performing Hawan Yajana with the Chief Guest, Dr. Satish Sharma, Director (colleges), DAVCMC, New Delhi

SPIRITUAL DISCOURSE ON THE IMPORTANCE OF VEDIC LIFE WAS DELIVERED BY ACHARYA RAJU VIGYANIK ON 15thSeptember 2017

Acharya Raju Vigyanik delivered a Spiritual Discourse on the importance of Vedic life here at DAVIET campus on 15 Sept. 2017. The lecture series was in association with Arya Samaj Vikramapura, Jalandhar to enlighten the students about the importance of Vedas in one's life. In the welcome address, Dr. Manoj Kumar Principal, DAVIET welcomed Acharya Raju Vigyanik to the Institution. He stressed upon the fact that DAVIET stands for providing quality technical education to its students which is in consonance with the rich Arya Samaj ideals. He highlighted the fact students need to develop a well-rounded personality because of which they can be responsible and conscientious citizens of the nation.

A SEMINAR CUM WORKSHOP “REDUCIGN STRESS THROUGH MEDITATION” ON YOGA BY SAHAJA YOGA MEDITATION ON 12 Feb 2018

On 12 February 2018 DAVIET Human Values Cell, organized a one-day workshop cum seminar for the students and faculty of DAVIET on the topic “Reducing Stress Through Meditation” in which an expert from Sahaja Yoga Meditation Centre guided faculty and students that how to reduce stress with the help of meditation. He explained that Sahaja Yoga is a unique method of meditation based on an experience called Self Realization (Kundalini awakening) that can occur within each human being. Through this process, an inner transformation takes place by which **one becomes moral, united, integrated, and balanced.**

Glympse of the Workshop cum Seminar on the topic “Reducing Stress Through Meditation”

A SEMINAR ON IMPORTANE OF SANITATION ORGANIZED ON 7thMarch 2018

There is nothing more beautiful than smiling and making others smile. A seminar on importance of sanitation was conducted by the Department of Applied Sciences, DAVIET. The students from financially weak section were made aware about the need of a healthy environment and sanitation in order to have a hygienic life. The students participated actively and got to learn about the sanitation problem in our country and ways to eradicate it.

Matribhasha Diwas, 21st February 2019

As UNESCO in 1999, declared 21st February of every year be celebrated as International Mother Language Day, Accordingly, celebrations are held every year on the date by this Ministry in the name of “Matribhasha Diwas”. The significance of this day is to promote the dissemination of mother language of all and create maximum awareness of linguistic and cultural traditions throughout the world and to inspire solidarity amongst the people speaking many languages. Hon’ble HRM has desired to celebrate the “Matribhasha Diwas” in a grand manner to promote and preserve Mother language. Following this, Essay Writing and Elocution competitions on the topic “Matribhasha Diwas” were conducted in DAVIET, Kabir Nagar, Jalandhar on 17th and 20th February 2019. Many students enthusiastically participated in these competitions. In Essay writing, Mehak Sharma B.Tech. IT-I got 1st position, Jannat Miglani CSE-I, Sukhwinder Singh ME-I and Garima MBA-II got 2nd and 3rd positions respectively. In Elocution, Guneet Kaur, Radhika, Pragati and Yashika Gandhi CSE-II and BHMCT-I got 1st, 2nd and 3rd positions respectively. Principal Dr. Manoj Kumar congratulated the students and encouraged them to participate in such competitions in future also. Dr. Anil Soni (Dean Students Affairs), Jasdeep Johal (Cultural Officer and A.P. Computer Applications), Ravinder Kaur and Rashmi Sethi (A.P. Applied Sciences) also congratulated the students.

Dr. Pallavi Khanna, Counselling Psychologist, delivering lecture on Social and Emotional Life in college

BHAJAN-PRAVACHAN SANDHYA ORGANISED” on 30th Jan 2020

The Human Values Cell of DAV Institute of Engineering and Technology organized a webinar on “**Contribution of Arya Samaj during COVID 19**”. Dr Udyan Arya, Vedic thinker and **Principal, Swami Virjanand Gurukul College, Kartarpur** was the Resource Person. The aim of the webinar was to educate the faculty and students about contribution of Arya Samaj to propagate emotional and spiritual awakening to lead a balanced life during COVI-19.

DAVIET CELEBRATED RISHI BODH UTSAV ON 21st March 2020

DAVIET celebrated Rishi Bodh Utsav, a festival of knowledge and light on **21st March 2020** the day of Shivaratri in association with Arya samaj, Vikram Pura, Jalandhar. Shivaratri is the great Indian festival and, on this day, the divine soul, Maharishi Swami Dayanand Saraswati ji got enlighten. Therefore, Arya Samaj has a special and deep connection with Shivaratri. This day is celebrated as Arya Samaj's foundation day called Bodh Utsav. A Satsang followed by Hawan Yajna was performed there. Principal Inderjeet Talwar in his address highlighted that we all should move with time and accept the changes in life, and everyone should learn to live according to the will of God by adopting Vedic culture. Dr. Manoj Kumar, Principal, DAVIET, stated that it is through Hawan Yajna that the conscience of an individual can be awakened, and he can gain the strength to standby what is right.

Awareness campaign regarding COVID -19 :

Recommendations of Team of Corona Warriors constituted vide office order dated, 29/04/2020 to propose The Environment and Health Policy and Visitor Policy for DAVIET, Jalandhar.

Instruction for Faculty/Staff and Students regarding COVID-19

- ⦿ Be disciplined and have patience, be in queue.
- ⦿ Vehicle entry is strictly restricted in the campus.
- ⦿ Wear a three layered Mask and follow guidelines on how to wear mask and use of Aarogya Setu App is mandatory.
- ⦿ Follow instructions for maintaining social distancing, hygiene and safety. Follow social distance markings to ensure a distance of at least 2 meters (about two arms length).
- ⦿ Wash hands and sanitize it frequently, Wash your hands before entry at main Gate of Home or Office.
- ⦿ Get yourself thermally scanned at the entrance of the Institute.
- ⦿ Wash your hands every time you end up touching a doorknob or press the lift buttons, using bank ATM or any common surface with your bare hands.
- ⦿ Avoid lifts and take the staircase instead.
- ⦿ Don't hug or shake hands with anyone. Come up with your own preferred greeting - like a Namaste.
- ⦿ Do not roam unnecessarily, use personal cell phone, intercoms/ electronic media for interpersonal communication.
- ⦿ Wipe down your desk, mouse, keyboard and screen daily at least two times with a paper towel and alcohol based sanitizer before you start working.

- ⦿ Avoid using shared cutlery - if you really need to use common cutlery, try to wash it yourself.
- ⦿ Use Personal Protection and Safety kit.
- ⦿ Go Digital: Scan and send important documents instead of moving files. Use a digital wallet to make all payments.
- ⦿ If suffering from high fever/cough/sneezing/difficulty in breathing voluntarily report the same as well as seek immediate medical advice for timely detection and treatment.
- ⦿ In case of a cough/sneeze, use the Paper Napkin and dispose of in closed Bin.
- ⦿ Refrain from touching face, mouth, nose and eyes with his hands at all times.
- ⦿ Do not spit.
- ⦿ Preferably use self-transport, avoid public transport and avoid physical meetings.
- ⦿ Use of Air Conditioners: Temperature Range 24-30°C, Humidity level 40-70%, keep at least one window open for proper ventilation, keep one pan full of water.
- ⦿ Beware of Fake News and Misinformation, Avoid spreading and believing them.
- ⦿ Encourage frontline Corona Warriors.

When and how to wear masks to protect against Corona Virus?

- ◆ Before putting on a mask, clean hands with alcohol-based hand rub or soap and water.
- ◆ Cover mouth and nose with mask and make sure there are no gaps between your face and the mask.
- ◆ Avoid touching the mask while using it; if you do, clean your hands with alcohol-based hand rub or soap and water.
- ◆ Replace the mask with a new one as soon as it is damp and do not re-use single-use masks.

- ◆ To remove the mask: remove it from behind (do not touch the front of mask); discard immediately in a closed bin; clean hands with alcohol-based hand rub or soap and water.
- ◆ If you are healthy, you only need to wear a mask if you are taking care of a person with COVID-19.
- ◆ Wear a mask if you are coughing or sneezing.

- ◆ Masks are effective only when used in combination with frequent hand-cleaning with alcohol-based hand rub or soap and water.
- ◆ If you wear a mask, then you must know how to use it and dispose of it properly.

 **PROTECT YOURSELF AND OTHERS**

About four months ago we heard of a mysterious virus that was causing pneumonia like symptoms and today, much of the world as we know it has come to a standstill. More than 4 billion people around the world are in some form of lockdown due to the Corona virus pandemic. The lockdown will be over one day, and time will come to rejoin our work, but given the nature of the pandemic, everything is about to change. Once the lockdown ends, we will need to take a series of steps to ensure that the employees are safe and active to restart the routine activities. There have to be well thought out efforts to ensure that while we open up our institute/offices, we take every step possible to minimize the impact on

employees and visitors and ensure their well being and safety, include starting from home to going back safely.

To facilitate this change, our COVID-19 Task Team of Corona Warriors, under guidance of worthy Principal Sir, has worked out detailed Guidelines and Standard Operating Procedure for safe start of operations in the institute. Each element of this plan integrates OUR SAFETY at the core. Guidelines include starting from home to going back safely. These guidelines will be periodically updated by the institute, guidance based on current recommendations from the Centres for Disease Control and Prevention and the World Health Organization, Centre/ State Governments, MHRD, AICTE, IKG PTU and Local Administration.

Frame work to restart Operations after Lock down:

1. **Management Level:** a). Policies for Pandemic recovery, b). Structured Organization, c). Exercise, Test and Maintaining Quality, d). Sufficient Stock of Mask, Disposable Gloves, shoes cover/disposable rubber boots, Disinfectants and Sanitizers along with required equipments, infrastructure and facilities e). Modification in existing infrastructure like distancing in sitting arrangement inside classrooms and Laboratories, use of sensor/push doors, sensor based taps in washing area and water coolers to avoid physical contact.
2. **Sanitization, Disinfection and Disposal:** a) Regular sanitization and disinfection b). Supervision, Checking Quality of Sanitization and Disinfection (both process and material) c). Use of Closed Waste Bins d). Waste segregation and disposal.
3. **Entry Gate:** a). Screening and Temperature Testing of every Staff, Student and Visitor b) Record of all incoming Raw Material and Visitors c). Hand Washing and sanitization d). Social distancing e). Self Declaration / Record Personal information and issue Visitor Pass.
4. **Offices / Admission Cell / Examination Hall / Fee counter / Classroom & Labs / Library:** a) Follow Social distancing b). Be in queue, wait for your turn in the waiting room c) Use of Air Conditioners and Ventilation.
5. **Mess / Canteen:** a) Follow Social distancing b). Be in queue; wait for your turn in the waiting room c). Food Serving at a distance d) Wear mask and Hood by serving personals e). Disinfection of Raw Materials and Utensils. f) Cleanliness.
6. **Emergency Response Team :** a). Crisis Communication / Contact to Designated local Hospital for Corona treatment b). Succession Plan
7. **Notice Boards and Website / Display:** a).DAVIET, Jalandhar, Policy document: The Environment and Health Policy and Visitor Policy, Advisories,

Guidelines and policies issued by Central and State Authorities and Regulatory Bodies
b) Pamphlets, Poster and Standees

8. **Training and awareness of all stake Holders:** a). Special Training of Security and Cleaning Staff, b). General Training of all employees and students regarding strategy and implementation.

Guiding principles after Covid-19 Lockdown and visitor policy:

i. A detailed planning activity, where we need to identify which employees really need to come to work, even after the lockdown is lifted. Others can continue to work from home. That clarity is important.

ii. We have to ensure there is no crowding in our office or campus, ensure that only 25 to 50% of the workspace is actually made operational / occupied.

iii. Vehicle entry should be strictly restricted in the campus. Vehicle of all the employees and visitors must be parked outside.

iv. Everybody whosoever enter in the institute must wear a three-layered Mask and follow the Government guidelines on how to wear mask and use of Aarogya Setu app may be made mandatory.

v. Hand Wash before entry at main Gate; Sensor base tap be used along with elbow pressed liquid soap holder. Wash the hands with soap for at least 20-40 seconds by applying the soap gently on the palm and back of the hand including web spaces between the fingers and space as well as between the finger and the thumb and the wrist wherever and whenever the opportunity to wash the hands is available. However, a two-hourly hand wash is recommended. The hands should be either sanitized or washed with soap and water whichever is feasible and available. Sanitize the hands even if the hands appear to be apparently clean.

vi. For screening and monitoring, it has been recommended for mandatory usage of Aarogya Setu app by all, Thermal scanning at the entrance must be insured by installing a fever scanning metal detector door / thermal imaging screen. Infrared forehead thermometers may also be provided at each hostel entrance and residents be checked while entering and going out without fail.

vii. Alcohol-based sanitizer (80% ethyl alcohol v/v + hydrogen peroxide(H₂O₂) and glycerine or isopropyl alcohol, hydrogen peroxide(H₂O₂) and glycerine) be mounted at the entrance wall of the institute/office for the staff, students, and visitors to sanitize their hands before entering the premises further.

The sanitizers are to be refilled / replaced frequently. Use a minimum of 3ml of the sanitizer (approximately 1 push of sanitizer dispenser) on DRY HANDS for at least 30 seconds for good hygienic hand disinfection.

viii. use of sensor/ push doors, sensor base taps in washing area and water coolers to avoid physical contact and providing disposal glasses at all the location of drinking area is highly recommended.

ix. Make hand wash a habit and fun not a choice under compulsion. Wash your hands every time you end up touching a doorknob or press the lift buttons or any common surface with your bare hands. Avoid lifts and take the staircase instead. If you need to touch the railing for support, be sure to wash your hands with soap and water as soon as you reach the office - even before you set your bag down at the desk. Don't hug or shake hands with anyone. Come up with your own preferred greeting - like a Namaste. Don't wear belt, rings, wrist watch, when you go out. Watch is not required. Your mobile has got time.

x. The staff shall be advised not to roam unnecessarily in the office and to work from their allotted space only. Use of personal cell phone, intercoms / electronic media for interpersonal communication of the staff be encouraged.

xi. Wipe down your desk, mouse, keyboard and screen daily at least two times with a paper towel and alcohol based sanitizer before you start working. Take a break from your screen every 20 minutes for 20 seconds so you don't feel the need to rub your eyes.

xii. Avoid using shared cutlery - if you really need to use common cutlery, try to wash it yourself.

xiii **Disinfection of the Campus:**

a. Indoor Areas:

Indoor areas including office spaces and conference rooms and facility room should be cleaned every evening after office hours and/or early in the morning before the rooms are occupied. If the contact surface is visibly dirty, it should be cleaned with soap and water prior to disinfection.

* Prior to cleaning, the cleaner should wear disposable rubber boots/shoes cover, gloves (heavy duty), and a cloth mask. Special precautions should be followed by person doing disinfection such as wearing gloves, disposable rubber boots/shoes cover and making sure they have good ventilation during use of the product. Open outside doors

and windows to increase air circulation in the area and then begin cleaning and disinfection. Start cleaning from cleaner areas and proceed towards dirtier areas.

- All indoor areas such as entrance lobbies, corridors and staircases, escalators, elevators, security guard booths, office rooms, Class rooms, Laboratories, Library, Examination Hall meeting rooms, cafeteria, Mess, Hostel Rooms should be mopped with a disinfectant with 1% sodium hypochlorite or equivalent disinfectants commercially available in the market

- High contact surfaces such as elevator buttons, handrails / handles and call buttons, escalator handrails, public counters, intercom systems, equipment like telephone, printers/scanners, and other office machines should be cleaned twice daily by mopping with a linen/absorbable cloth soaked in 1% sodium hypochlorite. Frequently touched areas like table tops, chair handles, pens, diary files, keyboards, mouse, mouse pad, tea/coffee dispensing machines etc. should specially be cleaned.

- For metallic surfaces like door handles, security locks, keys etc. 70% alcohol can be used to wipe down surfaces where the use of bleach is not suitable.

- Hand sanitizing stations should be installed in office premises and near high contact surfaces.

- In a meeting/conference/office room, if someone is coughing, without following respiratory etiquettes or mask, the areas around his/her seat should be vacated and cleaned with 1% sodium hypochlorite.

- Carefully clean the equipment used in cleaning at the end of the cleaning process.

- Protective gear used during sanitation process should be discarded as per the requirements. In addition, all employees should consider cleaning the work area in front of them with a disinfecting wipe prior to use and sit one seat further away from others and if possible 2 seats.

b. Outdoor areas:

Outdoor Areas have less risk than indoor areas due to air currents and exposure to sunlight. Cleaning and disinfection efforts should be targeted to frequently touched/contaminated surfaces as already detailed above.

c. Office/Public toilets:

Sanitary workers must use separate set of cleaning equipment for toilets (mops, nylon scrubber) and separate set for sink and commode. They should always wear disposable protective gloves while cleaning a toilet. All the areas of the toilet such as the sinks, commode, taps etc. should be thoroughly cleaned/scrubbed using soap and water

and then wiped with 1% sodium hypochlorite solution or equivalent commercial disinfectants available in the market.

d. Pantry in the office:

Office Pantry should also be cleaned as the other inside office spaces. Special care needs to be taken while cleaning the slabs and the sinks, if any with soap/detergent and water. The utensils should be properly cleaned with dish wash bars /liquids and water. The utensils should not be shared amongst the staff. Consumption of raw fruits/vegetables during refreshment period should be discouraged and the same shall be washed with lukewarm water before consumption. Similarly, the milk packets shall be washed with soap and water before opening the same for usage.

xiv. **Distancing at work:** Ensure that there is a space of six feet between all seats. The lockdown may be over but that does not mean that there is no need for social/physical distancing anymore. You spend 8-9 hours at work and must maintain a proper distance from everyone during this time, whether they seem fine or not. There are no exceptions to this rule

xv. **Personal Protection and safety kit:** Prepare your personal kit before you step out - it must include a face cover, hand sanitizer, hand soap, gloves, toilet seat sanitizer and tissue papers and water bottle. Wear the face cover as much as possible - not for filtering but it'll keep you from touching your face too often. Use a hand sanitizer whenever you can't wash your hands. Carry hand soap in a small bottle. Use gloves for whenever you need to be dealing with shared items - like the exchange of files or the office phone. Use a toilet seat sanitizer before and after you use the shared toilet. You can even use it on the tap and the flush. Carry tissue papers to sneeze or cough into, to dry your hands and to turn off the sink tap. Don't bring the shoes into your house. Leave them outside.

xvi. **Go Digital:** Save paper as well as the risk of coming in contact with papers that other people may have handled. Scan and send important documents instead of moving files. Keep a digital signature ready for a situation that may require it.

xvii. **Commuting to work :** Wear a face cover and gloves if you travel in public transport. If possible, use a digital wallet to make all payments instead of dealing cash. Wash your hands as soon as you reach home or office.

xviii. **Working in shifts:** Institute should function in shifts to follow social distancing. Employees to be divided in shifts and alternate day rosters with staggered shift start and end timings, no overlap between shifts providing a cushion of almost 1 hour for disinfection.

The institute should encourage the staff to stay at home in case of any fever or other symptoms related to the COVID-19 and seek medical advice. Staff detected with

high fever in the office premises does not mandatorily mean that he/she is suffering from COVID-19. It is advised to get the staff suffering from high fever medically examined by the medical officer only by temporarily isolating him/her from the rest of the office space before drawing any conclusion/inferences and before sending him/her back to home.

Xix Duties of the employees:

a) An employee suffering from high fever/cough/sneezing/difficulty in breathing should voluntarily report the same to employer as well as seek immediate medical advice for timely detection and treatment.

b) The employee should meticulously sanitize his hands in the manner prescribed above and hand wash with soap in the manner prescribed at least every 2 hours.

c) The employee should wear masks at all times and should follow the reporting time as well as the time to leave the office as prescribed by the institute.

d) The employee should not indulge in handshake/hug with fellow employees and should discharge his/her work from the space allocated by the authority.

e) The employee should mandatorily hand wash/sanitize in the manner prescribed before touching the refreshments during tea-break/lunchbreak etc.

f) The employee should avoid roaming without purpose in the office as also touching the surfaces, equipment etc. The employee should not smoke or chew tobacco-based products such as gutka, pan masala etc. in the office space.

g) In case of a cough/sneeze, the employee should use the handkerchief to cover the space which shall then be kept in his/her own pocket/purse in a manner that the surface of the handkerchief exposed to the cough/sneeze shall not touch the other parts of the belongings directly.

h) In case an employee is not carrying the handkerchief he/she should cough/sneeze into the flexed elbow.

i) In either case, the employee should immediately hand wash with soap in the manner prescribed his hands/other exposed surfaces to cough/sneeze.

j) The employee should refrain from touching face, mouth, nose and eyes with his hands at all times.

- k) The employee should not spit except when absolutely essential and only in the washbasin of the toilet in the office space.
- xx. Training of staff and students and instructions for visitors.
 - xxi. For visitors meeting zone for all purposes should be conference room, no one should visit to personal cabin.
 - xxii. Display of instructions for maintaining social distancing, hygiene and employee safety and instructions for visitors, on the institute Website and campaign through social media and display within the campus in the form of Posters and standees.

Restart Manual to resume operations in institute post corona virus lockdown

Or

Standard Operating Procedures for resuming operations post-lockdown.

To ensure the safety for self, safety of colleagues, safety at workplace and safety for community. The proposed action plan for resuming operations post COVID-19 and standard operating procedure (SOP), on maintaining social distancing, hygiene and employee safety. The salient features of the post lock down -COVID-19 strategies are:-

A) Safety for self, Safe at Home, Safe for family, Safe in Transit, Safety of Colleagues, Safe at Workplace and Safe for Community are the key concepts to fight COVID19. Under such a situation, the national policy and government guidelines issued from time to time are to be followed one and all including all the stake holders, progressively resuming operations in a graded manner. However, post lockdown we must continue to take all necessary precautions for a much longer duration. Aspects like Social distancing' and hygiene will have to be integrated into our lifestyle.

B) For social distancing, the institute will be working in shifts, with minimal not more than 25% manpower in particular shift.

C) There will be markings at all crowd gathering places to facilitate social distancing like entry gate, reception, admission desk, fee counter, examination hall, class room, Labs, Library, hostel, canteen, mess etc.

D) For screening and monitoring, it has been recommended for usage of Aarogya Setu app by all and continuous monitoring of staff and student's health through an in-house developed app is highly recommended as it shall be easier to maintain the data of staff as well as visitors.

E) Thermal scanning is mandatory (noncontact body temperature scanning). For Hand Wash before entry at main Gate; Sensor base tap be used along with elbow pressed liquid soap holder.

F) There will be regular sanitization of all common / large areas and touch prone areas along with disinfection.

G) Wearing three layered/standard Mask is compulsory to enter the campus.

H) There will not be more than 25% office employees at any given point of time.

I) Employees to be divided in shifts and alternate day rosters with staggered shift start and end timings, no overlap between shifts providing a cushion of almost 1 hour for disinfection.

J) The social distancing markings should be laid out to ensure a distance of at least 2 meters (about two arm's length) from other person at all crowd prone areas like entry gate, water coolers, canteens, reception, admission desk, fee counter, examination hall, class room, Labs, Library, hostel, mess etc.

K) It is mandated for thermal screening at entrance. For screening and monitoring, it has been recommended for mandatory usage of Aarogya Setu app by all. Thermal scanning at the entrance must be insured by installing a fever scanning metal detector door / thermal imaging screen. Infrared forehead thermometers may also be provided at each hostel entrance and residents be checked while entering and going out without fail.

L) There should be decontamination of common use areas in every shift. There will be frequent disinfection / sanitization of all touch points.

M) Use of self-transport is highly recommended. If using a 2-wheeler, wear proper gear including helmet and gloves. For refueling, use e-Payments. Employee may be asked to avoid car-pooling, if no option then not more than 2 people in one car.

N) Preferably, avoid public transport, avoid physical meetings. If unavoidable, attendees to follow social distancing norms, meeting rooms should be properly disinfected before the meetings, no handshakes, greet your hands in Namaste. Define your chair, don't use anyone else's chair, don't share food or snacks on the desks, keep sanitizing/washing your hands every few hours and sanitize your laptops, mobiles, and desks twice daily.

O) Use of Air Conditioners: Temperature Range 24-30°C, Humidity level 40-70%, keep at least one window open for proper ventilation, keep one pan full of water.

P) Coordinate with local health officials

Local health officials' recommendations for the duration and extent of class suspensions, building and facility closures, and event and activity cancellations should be made on a case-by-case basis using the most up-to-date information about COVID-19. These officials will help administrator to determine a course of action to determine when to return to campus. Coordinate with local health officials is very crucial to communicate dismissal decisions and the possible COVID-19 exposure risk.

Q) Review, update, and implement emergency operations plans (EOPs):-This should be done in collaboration with local public health departments, Institute's university system and other regulating/affiliating agencies.

- Consider if and how to honour requests of students or staff who may have concerns about being on campus due to underlying medical conditions or those of others in their home

- **Alert local health officials** about large increases in student, staff, and faculty absenteeism or substantial increases in institute **health centre traffic due to respiratory illnesses** (like the symptoms similar to symptoms of COVID-19).

R) The students with history of chronic diseases i.e. diabetes, asthma chronic, hemophilia, major post surgery etc. may be given special priority and may be exempted from physical attendance as far as possible.

S) **Implement social distancing strategies inside the classrooms and Labs:**

Increase space between desks. Where possible, rearrange desks to maximize the space between students. Turn desks to face in the same direction (rather than facing each other) to reduce transmission caused from virus-containing droplets (e.g., from talking, coughing, sneezing). Fixed sitting arrangement of students be practiced.

T) **Visitor Policy:**

- i. No meeting at personal cabin is allowed, only in conference Hall.
 - ii. Admission seeker should accompany minimum no of persons with them.
 - iii. All visitors must follow the guidelines on social distancing and personal hygiene.
 - iv. All visitors should get them thermally screened and sanitized at the entrance.
 - v. All visitors must provide the information regarding self declaration i.e. Medical history, contact details, person whom to Meet with purpose.
 - vi. Spitting is strictly prohibited and banned, punishable as per norms.
 - vii. Visitor should meet to the concerned person in conference hall and don't roam in campus.
1. The vendors and service provider must have prior appointment before visiting the institute.
 2. The visitor must report to Institute Reception and should wait there in the waiting lounge and have patience till asked to proceed further.
 3. The visitors will follow the fixed path as detailed below:

Main Gate to Reception via the path arrow marked i.e. towards Guest House to Material Block to C Hall to R&D Block.

Recommendations of Team of Corona Warriors constituted vide office order dated, 25/04/2020 to Propose The Environment and Health Policy and Visitor Policy for DAVIET, Jalandhar.

About four months ago we heard of a mysterious virus that was causing pneumonia like symptoms and today, much of the world as we know it has come to a standstill. More than 4 billion people around the world are in some form of lockdown due to the Corona virus pandemic. The lockdown will be over one day and time will come to repair our work, but given the nature of

DAVIET Visitor Questionnaire and Self Declaration Form

The safety of our employees, supplier partners, customers, families and visitors remain DAVIET's main priority. As the corona virus disease 2019 (COVID-19) outbreak continues to evolve and spreads globally, we are continuing to monitor the situation closely and will periodically update DAVIET guidance based on current recommendations from the Centre for Disease Control, Department of Health and Family Welfare, Govt and the World Health Organization (WHO). Only critical visitors are permitted in DAVIET at this time.

To prevent the spread of COVID-19 and reduce the potential risk of exposure to our workforce and visitors, we are conducting screening questionnaire. Your participation is important to help us take precautionary measures to protect you and everyone in this campus. Thank you for your time. Your cooperation is highly appreciated.

दरिया का सबसे बड़ा

All The HoD's and HCD's
Greetings of the Day!

As per the orders of Technical Education Department, Government of Punjab through IKG Punjab Technical University, Jalandhar.

All the Staff/faculty members and students must get the first dose of COVID 19 Vaccine before 3st July, 2021.

So, in order to comply the orders of the competent authorities and to facilitate the staff & Students, DAV Institute of Engineering and Technology, Jalandhar propose to organise a Vaccination Camp at our Campus preferably before 25thJuly, 2021.

In this regards you are requested to provide the necessary information at the earliest possible, for organising a Vaccination Camp at our institute in **.xlsx format on my email dryadavashok@gmail.com**, regarding the staff/faculty and students who are willing to get the first dose of COVID19 Vaccine in the camp to be held in our institute.

. No	Name	Address No	Date of Birth	Gender	Phone No	Category (Designation of Staff / Faculty or Student)	Employment No / Roll No

Please provide the above information latest by **19thJuly, 2021 before 5:00 p.m.** your cooperation in this regard will be highly solicited.

Thanking you in anticipation.

With best regards

Convener, Corona Warrior's Team,

D A V Institute of Engineering and Technology, Jalandhar.

Copy to

1. Principal sir for information and necessary guidance, please.
2. Dean Academics for information.

**HON'BLE BAWA HANNERY
MLA, JALANDHAR (NORTH)**

**Subject: Request regarding arranging a COVID 19 Vaccination Camp at
DAVIET, Jalandhar.**

Esteemed Sir,

DAV Institute of Engineering & Technology Jalandhar got established in year 2001 under the aegis of DAV college Managing committee. The institute is approved by AICTE and affiliated to Punjab Technical University, Jalandhar. This is the firstdegree level Engineering Institute started by the DAV College Trust and Management Society. The DAV College Trust and Management Society is the largest non-government educational organization in India managing a chain of 900 institutions in India and abroad. The institute is located in the heart of city on a prime piece of land adjacent to DAV College, Jalandhar on the left side of Jalandhar-Amritsar National Highway spread over an area measuring about 18 acres possessing extremely beautiful landscape with a running canal on its back and historical Burlton Park on its front. DAVIET is carrying out original research of significance and technology development at the cutting edge. It imparts training to students to make them competent, motivated engineers and scientists.

The Institute not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. In this pandemic time the institute is contributing it's best to contain the spread of Corona Virus by implementing all the measures to fight against COVID 19. We have organised various expert talks, webinars and now we propose to organise a COVID 19 Vaccination Camp at our Campus i.e. DAVIET, Jalandhar for the Faculty, Staff, Students and the Local Society.

Your cooperation in arranging a COVID 19 Vaccination Camp at our Campus will be highly solicited.

With Regards

**Professor (Dr.) Manoj Kumar
Principal**

A WEBINAR ON CONTRIBUTION OF ARYA SAMAJ DURING COVID ORGANISED AT DAVIET on 11th August, 2020

The Human Values Cell of DAV Institute of Engineering and Technology organized a webinar on “Contribution of Arya Samaj during COVID 19”. Dr Udyan Arya, Vedic thinker and Principal, Swami Virjanand Gurukul College, Kartarpur was the Resource Person. The aim of the webinar was to educate the faculty and students about contribution of Arya Samaj to propagate emotional and spiritual awakening to lead a balanced life during COVI-19.

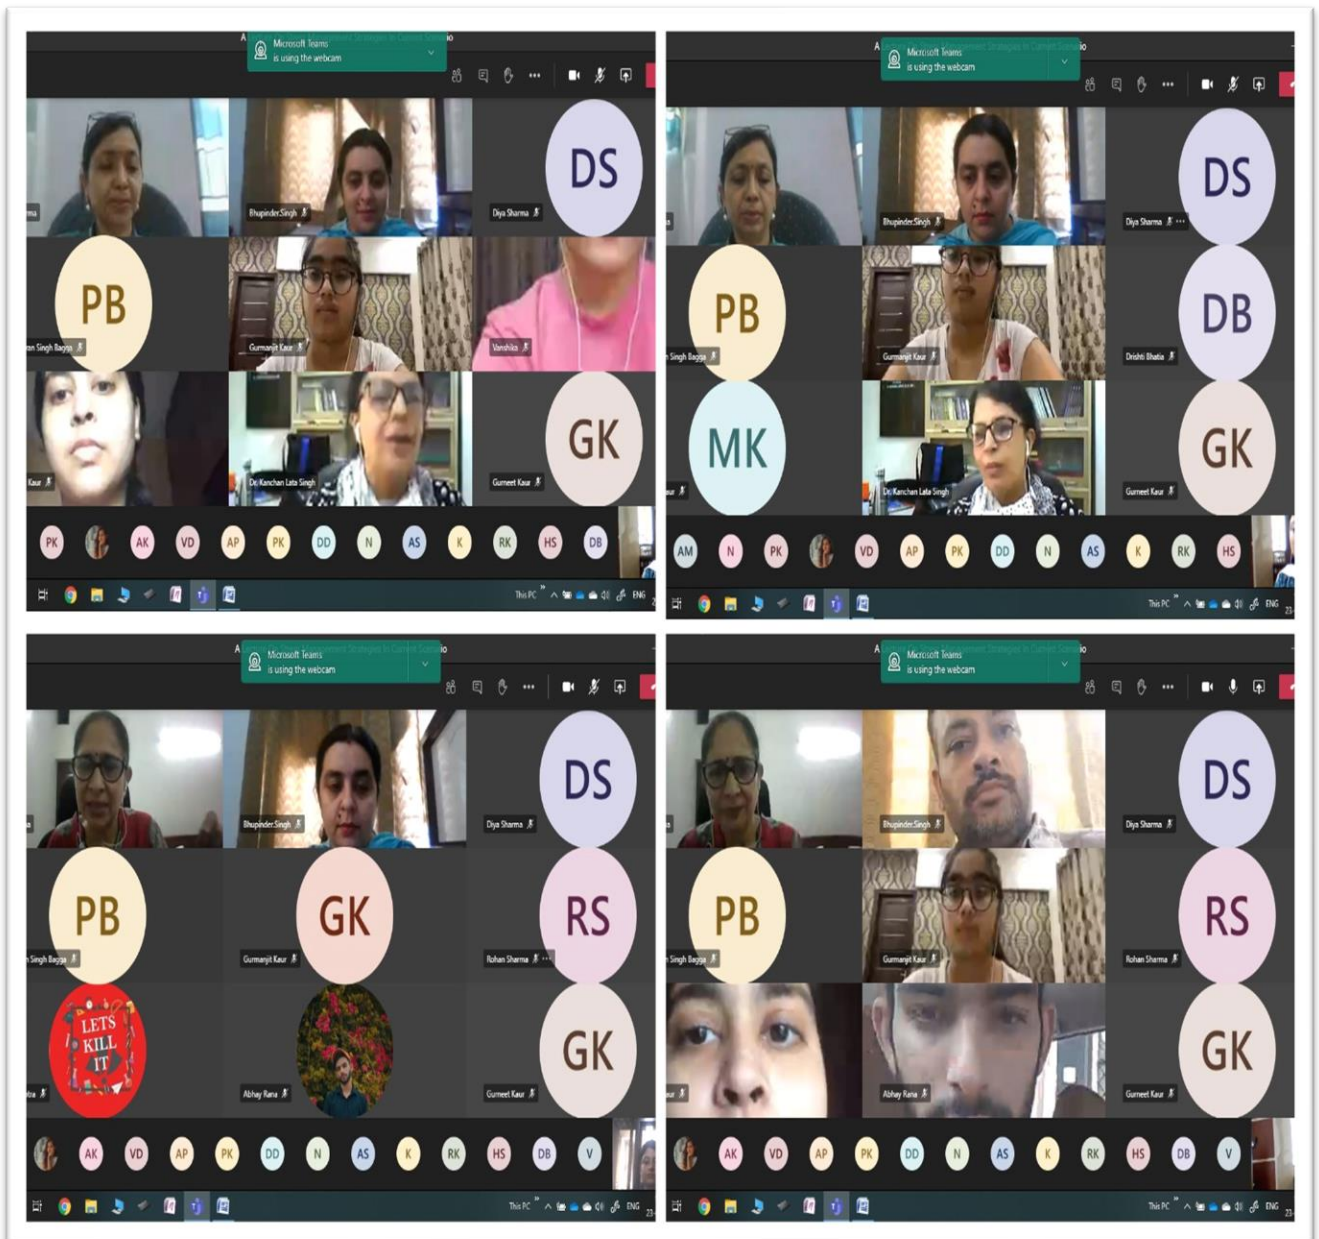

The collage consists of three main parts:

- Top Section:** A grid of video call participants. The top row shows Dr. Udyan Arya, Dr. Kanchan Lal Singh, and other participants. The bottom row shows more participants, including one wearing a face mask.
- Middle Section:** A newspaper clipping from 'Jalandhar Bhaskar' dated 12-08-2020. The headline reads: "‘जैसा खाओगे अन्न, वैसा बनेगा ‘मन’ : डा. उदयन आर्य". The article discusses the contribution of Arya Samaj during the COVID-19 pandemic, mentioning the role of Dr. Udyan Arya and Swami Virjanand Gurukul College.
- Bottom Section:** A screenshot of a WhatsApp chat log titled "Webinar On Contribution of Arya Smaj". The chat shows a list of participants who have joined the conversation, including Neeru Malhotra, Yuvraj Arora, Tania, Hitta, Abhay Rawat, Simran, Manalika Sharma, Prince Ratish, Aqrata Palwal, Gurmanpreet Singh, Aniket P, and Sunil Sachdeva.

Voter registration camps for students held

TRIBUNE NEWS SERVICE

JALANDHAR, NOVEMBER 29

DAVIET in association with SVEEP 36, North Jalandhar, organised a voter registration camp here on the college campus.

The Deputy Commissioner-cum-District Election Officer, Jalandhar, gave the orders related to the special summary revision of the electoral rolls inclusion of young voters as per requirements of the Election Commission. The main slogan for the voter registration camp was that no voters to be left behind. All students aged 18 years and above as on January 1, 2022, were required to get themselves registered as voters online by filling Form No. 6. through the NVSP portal (voterportal.eci.gov.in or nvsp.in).

They could also get themselves registered through the voter helpline app. The voter camp was organised under the systematic Voters' Education and Electoral Participation programme, better known as SVEEP. The institution joined hands with SVEEP 36, North

A voter registration camp for students in progress on DAVIET campus in Jalandhar. TRIBUNE PHOTO

Jalandhar, to organise the camp to register a maximum number of young voters as part of the electoral rolls.

Additionally, it aimed at spreading electoral awareness among budding engineers to become responsible citizens of the nation.

Dr Manoj Kumar, principal

DAVIET, expressed his faith that the maximum number of eligible students would get registered as voters and participate in one of the most significant events of democracy in the world. He applauded the efforts being made by Election Commission representatives to spread electoral

awareness. He highlighted the fact that every student above the age of 18 should cast his vote. He also encouraged them to be in touch with election ambassadors of the college to clarify any doubt about the registration process.

Apeejay College of Fine Arts, Jalandhar also organised

a two-day voter registration camp for students. Under Principal Dr Neerja Dhingra, the camp was organised for those students who were of 18 years old and had not visited themselves registered for the voter ID card yet.

Meanwhile, Apeejay College of Fine Arts also organised a two-day voter registration camp for the students. Under the leadership of Principal Dr Neerja Dhingra, the camp was organised for those students who were of 18 years old and hadn't visited themselves registered for the voter card yet.

The camp was organised with the corporation of Election Commission Department which were represented by Rakesh Kumar, Manjit Saini, Assistant Nodal Officer and BLO Jarnail Singh and Gurpreet Singh. Nearly 200 students registered themselves in this camp. Principal Dr Neerja Dhingra thanked the members of Election Commission and Rohit Chawla, Nodal Officer of College, who had contributed his best to make the camp successful.

DAVIET IN ASSOCIATION WITH SVEEP 36 NORTH JALANDHAR ORGANISES A VOTER REGISTRATION CAMP IN DAVIET

Jalandhar-Harpreet Singh Lehal

DAVIET in association with SVEEP 36 North Jalandhar, organised a Voter Registration Camp here on 27th November, in the college campus. The Deputy Commissioner – cum – District Election Officer, Jalandhar, gave the orders related to the Special Summary Revision of the Electoral Rolls w.r.t 01/-01/2022- Inclusion of Young Voters as per the requirements of the Election Commission of India. The main slogan for the Voter Registration Camp was that No Voters to be left behind. All the students having age of 18 yrs. or above as of 1/1/2022 were required to get themselves registered as 'Voters' online by filling Form No 6. through NVSP Portal (voterportal.eci.gov.in or nvsp.in). Alternatively, the students could also get

themselves registered through the Voter Helpline App. The voter camp was organised

under the Systematic Voters' Education and Electoral Participation Program, better known as SVEEP. The institution joined hands with SVEEP 36 North Jalandhar to organise this camp to register a maximum number of young voters as part of the electoral rolls. Additionally, it aimed at spreading electoral awareness amongst the budding engineers to become responsible and consci-

entious citizens of the nation. Dr Manoj Kumar, Principal DAVIET, expressed his faith that the maximum number of eligible students will get registered as voters and participate in one of the most significant events of participative democracy in the world. He applauded the efforts being made by election commission representatives to spread electoral awareness. He highlighted the fact that every student above the age of eighteen should cast his vote. He also encouraged the students to be in touch with the election ambassadors of the college to clarify any doubt about the registration process and the steps involved in casting votes. He expressed his belief that all the students would participate in the election process and take the nation forward.

Voter Awareness Campaign

Voter Awareness campaign was organised in the institute during the complete week from 14th -18thFeb., 2022. Different activities were organised to motivate the first time voter to vote without any pressure in free and fair manner.

Students actively participated in the Awareness regarding Voting rights and Pledged that
“I will make all possible efforts to use my vote to elect a public representative who would meet nation's expectations”

Voting is essential because it pushes a country's democracy to function in a fair and equal way. NSS Unit encouraged students to participate in elections. The Voter's Pledge was administered to the students of B.Tech. first year students. Dr. Kanchan L Singh, HoD (AS), NSS Programme Officer Dr. Ashok Kumar, Dr. Rajni Sharma, Dr. Neeru Sharma and faculty and Staff of Applied Sciences Department was present in this task. Students pledged to uphold democratic traditions of our country and the dignity of free, fair and peaceful elections without being influenced by considerations of religion, race, caste, community, language or any other inducement.

Students tacking Pledge to Exercise their Voting Right and motivate the other members of Society 1

VOTING IN AN ELECTION

- You must check your name in the electoral roll (voters' list)
- You must carry EPIC or other alternative document approved by Election Commission of India
- No gadgets are allowed inside the polling booth.
At the polling booth, press the button in front of the
- name of the candidate of your choice on the Electronic Voting Machine (EVM)

Tribute to Martyr of Pulwama Attack:

The Pulwama attack occurred on 14 February 2019, when a convoy of vehicles carrying Indian security personnel on the Jammu–Srinagar National Highway was attacked by a vehicle-borne suicide bomber at Lethapora in the Pulwama district of the erstwhile state of Jammu and Kashmir. The attack killed 40 Indian Central Reserve Police Force (CRPF) personnel as well as the perpetrator—Adil Ahmad Dar—who was a local Kashmiri youth from the Pulwama district. The responsibility for the attack was claimed by the Pakistan-based Islamist terrorist group, Jaish-e-Mohammed. India blamed neighbouring Pakistan for the attack, while the latter condemned the attack and denied having any connections to it. The day was marked as the Black Day of India and every year, the countrymen pay their tribute to the lost soldiers on 14th February.

DAVIET has given tribute to martyr of Pulwama attack by organising Sardhanjli to the Martyrs, group discussions, Extempore etc. in the classes.

BLOOD DONATION CAMP ORGANIZED ON 09/03/2022

The NSS Unit of DAVIET, in association with **Knowledge Villa Integrated Education and Welfare Society, Blood Bank Amritsar**, organized a day-long Blood Donation Camp here at DAVIET. The camp aimed to educate the students about the significance of making a useful contribution to society by saving the lives of a person in need. In the camp, more **than 100** enthusiastic DAVIETians donated blood.

Dr. Manoj Kumar, Principal DAVIET, applauded the hard work put in by the NSS unit volunteers to organize the Blood Donation Camp successfully. He shared with all the present that by donating blood, the body remains healthy. Dr Manoj cautioned all the **enthusiastic first-time donors** that there should be **a gap of 3 months between** two donations. Further, he stated that around 5% of people donate blood the world over, and if this number can be increased **to 10%**, the blood shortage can be removed. He also highlighted that students become more humane and realize the value of life through blood donation. He also shared that the institution has signed an MOU with **Knowledge Villa Integrated Education and Welfare Society, Blood Bank Amritsar** to provide assistance and support to each other if and when the need of blood donors arise.

Mr Vikramjit Singh, President, **Knowledge Villa Integrated Education, and Welfare Society, Blood Bank Amritsar**, encouraged young blood donors to donate blood with enthusiasm. He stated that it is only when we try to help those in need that we realize our lives' true purpose.

The NSS coordinator **Dr Ashok Kumar** highlighted that it is the poor strata of society that needs the most help as it can't manage the health care facilities. He also emphasized that one unit of blood can save **up to 3 lives**. He urged upon the students to take part in the camp enthusiastically to save the lives of people in need.

The camp concluded with the NSS Volunteers and donators being thanked for their active participation.

A DRUG DE-ADDICTION SEMINAR “SAY NO TO DRUGS” ORGANIZED AT DAVIET ON 03rd May 2022

DAV INSTITUTE OF ENGG. & TECHNOLOGY, JALANDHAR
is organizing Seminar on

**"Say NO To Drug's,
Say YES To Life"**

May 3, 2022 | 2 PM
Venue : Convention Hall

With the Collaboration of
**DISHADEEP - NGO and
District Red Cross Society, Jalandhar**

The poster features a red background with a white hand icon holding a syringe and pills, and a circular logo with a 'NO DRUGS' banner over a marijuana leaf and syringe.

A Drug de-addiction seminar “Say No to Drugs” was organized by the NSS unit of DAVIET here on the Institute campus in association with NGO Dishadeep, Nishkaam Sewa Society and District Red Cross Society Jalandhar under the Institute Social Responsibility Initiative. The de-addiction seminar aimed to educate the youth about the ill effects of drug abuse and to provide them with information about the means and ways to prevent it.

Dr Ashok Kumar NSS coordinator delivered the welcome address. He stated that the NSS unit of the Institution is committed to enlightening and empowering the youth of the region to stay away from the menace of drug abuse.

Dr Manoj Kumar, Principal DAVIET appreciated the dedication of Dishadeep and Bharat Vikas Parishad to rid the society of social ills. He shared that recent studies show that 88% of heroin addicts in India are in the age group of 14-25 years. He stated that there is a need of raising the level of consciousness of the self through proper education so that the menace can be tackled head-on.

Dr Sanjeev Lochan Bakshi, Senior Resident (Psychiatrist), Civil Hospital Phagwara was the Key Note Speaker. She shared that **190 million people** have attempted drugs worldwide. She elaborated that drug addiction implies physical dependence upon a drug including the development of tolerance and withdrawal. If the addict is not allowed to take the drug he suffers from painful and uncontrollable convulsions, vomiting, depression and various other maladies. She elaborated that the desire to experiment and to have a thrill are the prime reasons for drug abuse. She listed four major drugs in **Punjab namely Opium, Alcohol, Tobacco and Cannabis**. She also shared that **50 % of urban heroin addicts** come from a **single-parent families**. She educated the students that drug abuse leads to Psychotic Disorder, Mood Disorder, Anxiety Disorder and Amnesic Disorder which can affect the life of an individual a lot.

Mr Ashok Kumar, Assistant Commissioner of Police Jalandhar was the chief Guest. He stated that the future of the nation is bright because of the dynamic and exuberant youth. He also cautioned that the young need to be disciplined and dedicated to realise their dreams and stay away from drugs. He urged the students and the public, in general, to cooperate with the police so that the culprits can be nabbed.

Ms. Kiran Nagpal, President of Nishkam Sewa Society delivered the Vote of Thanks.

An oath was undertaken by the students to “Say No to Drugs”

A Nukkar Natak entitled “Aakhir Kab Tak” was enacted by the students of the institute highlighting the pressures and temptations that the young have to face at every nook and corner to try drugs.

The event was attended by **Lion S. M Singh, Founder and Chairman Dishadeep, Lion Captain Jaswinder Singh General Secretary NGO Dishadeep, Dr Kanchan, Head Department of Applied Sciences, Dr Anil Soni, Head Department of Business Administration, Dr Ashok Kumar, Faculty, staff, and students of the institution.** and other staff members.

At DAVIET, Sensitization of students and employees of the Institution to the constitutional obligations is done through curriculum as well as through extra-curricular activities.

The University has introduced compulsory papers on the **Constitution of India** and **Human Values and Professional Ethics** at Degree level across all engineering disciplines to create awareness and sensitizing the students and employees to constitution obligation. All the students of DAVIET also study **constitution of India** as well as **Human Values and Professional Ethics** as compulsory papers along with a course on **Environment studies** in their first/second year which gives them insight into environment acts, wildlife protection act, forest act, global environmental concerns etc.

In addition to this many regular programs are conducted by **Institute Women sensitization cell** to educate women about their rights. The institution has planted **more than about 500 trees sampling of various trees** in the college and hostel campus premises to make the environment clean, beautiful, healthy, and also sound resistant. The institution encourages participation of students in **NCC, NSS, Cultural Sports and Games** at State/National level to strengthen nationwide bond and relations.

Details of activities that inculcate values necessary to render students in to responsible citizens

Sensitization of students and employees of the Institution to the constitutional obligations is done through curriculum as well as through extra-curricular activities.

Many of the subjects offered have topics which sensitize the students about the constitutional obligations. The University has introduced compulsory papers on the **Constitution of India** and **Human Values and Professional Ethics** at Degree level across all engineering disciplines to create awareness and sensitizing the students and employees to constitution obligation. All the students of DAVIET study **constitution of India** as well as **Human Values and Professional Ethics** as a compulsory paper which sensitizes the students about constitutional obligations.

As a part of strengthening the democratic values, all students take a course on **Environment studies** in their first/second year which gives them insight into environment acts, wildlife protection act, forest act, global environmental concerns etc.

The institution encourages participation of students in **NCC, NSS, Cultural Sports and Games** at State/National level to strengthen nationwide bond and relations.

In addition to this many regular programs are conducted by **Institute Women sensitization cell** of the institute to educate women about their rights. Seminars on topics like Right to Information, Sexual Harassment, and Gender Equity are conducted periodically.

The institution has planted **more than about 500 trees sampling of various trees** like Ashok, Sagvan, etc. in college and hostel campus premises to make the environment clean, beautiful, healthy, and also sound resistant.

Also seminars and workshops are conducted on days of national importance on various rights, duties and responsibilities of citizen by the **Institute Human Values cell**.

The institute has organized a **blood donation camp** every year to create awareness in students and staff about somebody's life and help them in case of any requirement of blood

Independence Day is also celebrated every year to highlight struggle of freedom and importance of Indian constitution. Every year **Republic Day** is celebrated on 26th January by organizing activities highlighting the importance of Indian Constitution.

The institution has always contributed with college premises, **manpower of the college to help smoothly conduction of various kinds of an election** like state assembly, Municipal corporation, general election, etc.

The institute establishes policies that reflect core values. **Code of conduct** is prepared for students and staff and everyone should obey the conduct rules.

Syllabus framed on **Constitution of India, Human Values and Professional Ethics and Environment studies** by the University

	Mandatory Course	BTMC-101-18	Constitution of India			0	S/US

The Constitution of India is the supreme law of India. Parliament of India can not make any law which violates the Fundamental Rights enumerated under the Part III of the Constitution. The Parliament of India has been empowered to amend the Constitution under Article 368, however, it cannot use this power to change the “basic structure” of the constitution, which has been ruled and explained by the Supreme Court of India in its historical judgments. The Constitution of India reflects the idea of “Constitutionalism” – a modern and progressive concept historically developed by the thinkers of “liberalism” – an ideology which has been recognized as one of the most popular political ideology and result of historical struggles against arbitrary use of sovereign power by state. The historic revolutions in France, England, America and particularly European Renaissance and Reformation movement have resulted into progressive legal reforms in the form of “constitutionalism” in many countries. The Constitution of India was made by borrowing models and principles from many countries including United Kingdom and America.

Course content

- Meaning of the constitution law and constitutionalism
- Historical perspective of the Constitution of India
- Salient features and characteristics of the Constitution of India
- Scheme of the fundamental rights
- The scheme of the Fundamental Duties and its legal status
- The Directive Principles of State Policy – Its importance and implementation
- Federal structure and distribution of legislative and financial powers between the Union and the States
- Parliamentary Form of Government in India – The constitution powers and status of the President of India
- Amendment of the Constitutional Powers and Procedure
- The historical perspectives of the constitutional amendments in India
- Emergency Provisions : National Emergency, President Rule, Financial Emergency
- Local Self Government – Constitutional Scheme in India
- Scheme of the Fundamental Right to Equality
- Scheme of the Fundamental Right to certain Freedom under Article 19
- Scope of the Right to Life and Personal Liberty under Article 21

COURSE TOPICS:

The course has 28 lectures and 14 practice sessions in 5 modules:

Module 1: Course Introduction - Need, Basic Guidelines, Content and Process for Value Education

1. Purpose and motivation for the course, recapitulation from Universal Human Values-I
2. Self-Exploration–what is it? - Its content and process; ‘Natural Acceptance’ and Experiential Validation- as the process for self-exploration.
3. Continuous Happiness and Prosperity- A look at basic Human Aspirations
4. Right understanding, Relationship and Physical Facility- the basic requirements for fulfilment of aspirations of every human being with their correct priority
5. Understanding Happiness and Prosperity correctly- A critical appraisal of the current scenario.
6. Method to fulfil the above human aspirations: understanding and living in harmony at various levels.

Include practice sessions to discuss natural acceptance in human being as the innate acceptance for living with responsibility (living in relationship, harmony and co-existence) rather than as arbitrariness in choice based on liking-disliking.

Module 2: Understanding Harmony in the Human Being - Harmony in Myself!

7. Understanding human being as a co-existence of the sentient ‘I’ and the material ‘Body’
8. Understanding the needs of Self (‘I’) and ‘Body’ - happiness and physical facility
9. Understanding the Body as an instrument of ‘I’ (I being the doer, seer and enjoyer)
10. Understanding the characteristics and activities of ‘I’ and harmony in ‘I’
11. Understanding the harmony of I with the Body: Sanyam and Health; correct appraisal of Physical needs, meaning of Prosperity in detail
12. Programs to ensure Sanyam and Health.

Include practice sessions to discuss the role others have played in making material goods available to me. Identifying from one’s own life. Differentiate between prosperity and accumulation. Discuss program for ensuring health vs dealing with disease.

Module 3: Understanding Harmony in the Family and Society- Harmony in Human-Human Relationship

13. Understanding values in human-human relationship; meaning of Justice (nine universal values in relationships) and program for its fulfillment to ensure mutual happiness; Trust and Respect as the foundational values of relationship.
14. Understanding the meaning of Trust; Difference between intention and competence
15. Understanding the meaning of Respect, Difference between respect and differentiation; the other salient values in relationship.
16. Understanding the harmony in the society (society being an extension of family): Resolution, Prosperity, fearlessness (trust) and co-existence as comprehensive Human Goals.
17. Visualizing a universal harmonious order in society- Undivided Society, Universal Order- from family to world family.

Include practice sessions to reflect on relationships in family, hostel and institute as extended family, real life examples, teacher-student relationship, goal of education etc. Gratitude as a universal value in relationships. Discuss with scenarios. Elicit examples from students’ lives.

Module 4: Understanding Harmony in the Nature and Existence - Whole existence as Coexistence

18. Understanding the harmony in the Nature
19. Interconnectedness and mutual fulfilment among the four orders of nature - recyclability and self-regulation in nature
20. Understanding Existence as Co-existence of mutually interacting units in all- pervasive space
21. Holistic perception of harmony at all levels of existence.

Include practice sessions to discuss human being as cause of imbalance in nature (film “Home” can be used), pollution, depletion of resources and role of technology etc.

Module 5: Implications of the above Holistic Understanding of Harmony on Professional Ethics

22. Natural acceptance of human values
23. Definitiveness of Ethical Human Conduct
24. Basis for Humanistic Education, Humanistic Constitution and Humanistic Universal Order
25. Competence in professional ethics: a. Ability to utilize the professional competence for augmenting universal human order b. Ability to identify the scope and characteristics of peoplefriendly and eco -friendly production systems, c. Ability to identify and develop appropriatetechnologies and management patterns for above production systems.
26. Case studies of typical holistic technologies, management models and production systems.
27. Strategy for transition from the present state to Universal Human Order: a. At the level of individual: as socially and ecologically responsible engineers, technologists and managers b. At the level of society: as mutually enriching institutions and organizations.

28. Sum up.

Include practice Exercises and Case Studies will be taken up in Practice (tutorial) Sessions eg. to discuss the conduct as an engineer or scientist etc.

READINGS:

3.1 Text Book

1. Human Values and Professional Ethics by R R Gaur, R Sangal, G P Bagaria, Excel Books, New Delhi, 2010.

3.2 Reference Books

5. Small is Beautiful - E. F Schumacher.

S. No.	Category	Code	Course Title	Hours per Week			Credits
				L	T	P	
3	Mandatory Courses (Non-Credit)	EVS-101-18	Environmental Science	2	0	2	0

*** 40 Hours are kept for various activities under the head of activities. There will be a final theory examination for the students of 50 marks but these marks will not be added to their final result as assessment will be satisfactory or non-satisfactory**

We as human being are not an entity separate from the environment around us rather we are a constituent seamlessly integrated and co-exist with the environment around us. We are not an entity so separate from the environment that we can think of mastering and controlling it rather we must understand that each and every action of ours reflects on the environment and vice versa. Ancient wisdom drawn from Vedas about environment and its sustenance reflects this ethos. There is a direct application of this wisdom even in modern times. Idea of an activity based course on environment protection is to sensitize the students

Course Outcomes:

1. Students will enable to understand environmental problems at local and national level through literature and general awareness.
2. The students will gain practical knowledge by visiting wildlife areas, environmental institutes and various personalities who have done practical work on various environmental issues.
3. The students will apply interdisciplinary approach to understand key environmental issues and critically analyze them to explore the possibilities to mitigate these problems.
4. Reflect critically about their roles and identities as citizens, consumers and environmental actors in a complex, interconnected world.

Detailed Contents

Unit- I : Natural Resources : Renewable and non-renewable resources

Natural resources and associated problems. Forest resources: Use and over-exploitation, deforestation, case studies. Timber extraction, mining, dams and their effects on forest and tribal people. Water resources : Use and over-utilization of surface and ground water, floods, drought, conflicts over water, dams-benefits and problems. Mineral resources: Use and exploitation, environmental effects of extracting and using mineral resources, case studies. Food resources: World food problems, changes caused by agriculture and overgrazing, effects of modern agriculture, fertilizer-pesticide problems, water logging, salinity, case studies. Energy resources: Growing energy needs, renewable and non-renewable energy sources, use of alternate energy sources. Case studies. Land resources

: Land as a resource, land degradation, man induced landslides, soil erosion and desertification. Role of an individual in conservation of natural resources, Equitable use of resources for sustainable lifestyles.

Unit-II: Ecosystems: Concept of an ecosystem, Structure and function of an ecosystem, Food chains, food webs and ecological pyramids. Introduction, types, characteristic features, structure and function of following ecosystems: a. Forest ecosystem b. Aquatic ecosystems (ponds, streams, lakes, rivers, oceans, estuaries)

Unit-III : Biodiversity and its conservation : Introduction – Definition : genetic, species and ecosystem diversity, Biodiversity at global, National and local levels, India as a mega-diversity nation, Hotspots of biodiversity, Threats to biodiversity : habitat loss, poaching of wildlife, man-wildlife conflicts, Endangered and endemic species of India

Unit-IV: Social Issues and the Environment: From Unsustainable to Sustainable development, Resettlement and rehabilitation of people; its problems and concerns., Environmental ethics: Issues and possible solutions,

Climate change, global warming, acid rain, ozone layer depletion, Nuclear accidents and holocaust, Case Studies, Public awareness.*ACTIVITIES

Nature club (bird watching, recognizing plants at institute/at home, recognizing local animals, appreciating biodiversity)

Impart knowledge and inculcate the habit of taking interest and understanding biodiversity in and around the college campus. The students should be encouraged to take interest in bird watching, recognizing local plants, herbs and local animals. The students should be encouraged to appreciate the difference in the local biodiversity in their hometown, in the place of their study and other places they visit for vacation/breaks etc.

Following activities must be included.

Identify a tree fruit flower peculiar to a place or having origin from the place. Making high resolution big photographs of small creatures (bees, spiders, ants, mosquitoes etc.) especially part of body so that people can recognize (games on recognizing animals/plants). Videography/ photography/ information collections on specialties/unique features of different types of common creatures. Search and explore patents and rights related to animals, trees etc. Studying miracles of mechanisms of different body systems.

1 (A) Awareness Activities:

- a) Small group meetings about water management, promotion of recycle use, generation of lesswaste, avoiding electricitywaste
- b) Slogan makingevent
- c) Poster makingevent
- d) Cyclercally
- e) Lectures fromexperts
- f) Plantation
- g) Gifting a tree to see its full growth
- h) Cleanliness drive
- i) To live with some eminent environmentalist for a week or so to understand his work
- j) To work in kitchen garden for mess
- k) To know about the different varieties ofplants
- l) Shutting down the fans and ACs of the campus for an hour orso
- m) Visit to a local area to document environmental assets
- n) River/forest/grassland/hill/mountain/lake/Estuary/Wetlands
- o) Visit to a local pollutedsite-Urban/Rural/Industrial/Agricultural

p) Visit to a Wildlife sanctuary, National Park or Biosphere Reserve

LECTURES ON UNIVERSAL HUMAN VALUES BY THE FACULTY OF APPLIED SCIENCES FROM 22ND TO 25 JULY 2019 and FROM 14-10-2021 to 21-10-2021

Lectures on the Universal Human Values was conducted for the 1st year students by the faculty of Applied Sciences from 22nd to 25th July 2019 and from 14th to 21st October 2021.

INTRODUCTION TO THE CONCEPTS OF UNIVERSAL HUMAN VALUES

Dr. Kanchan L. Singh and Dr. Shivani Vij introducing the 1st year entrants to the concepts of Universal Human Values. It was highlighted that we should be clear about the meaning of the word happiness and in current times we wrongly confuse monetary gain as happiness.

Participating Institute (PI) for Unnat Bharat Abhiyan (UBA)

DAV Institute of Engineering & Technology (DAVIET), proudly announces to be recognised as Participating Institute (PI) for Unnat Bharat Abhiyan (UBA) for the year 2018-2019, the list of which was released by Ministry of Human Resource Development (MHRD), Govt. of India on October 2, 2018, the 149th birth anniversary of Mahatma Gandhi. UBA is a flagship program of MHRD, addressing qualitative economic transformation of India through Higher Learning Institutes of excellence, coordinated by Indian Institute of Technology, Delhi. UBA is inspired by the transformational change in the rural development process by leveraging knowledge institutes to help build the architect of inclusive India. Following the vision of UBA, DAVIET adopted following villages of District Jalandhar,(Punjab) where we work in collaboration with District Administration, Panchayati Raj Institutions, and Voluntary Organizations to uplift the standards of living in these rural areas of Punjab.

1. Randhawa Masandan
2. Kala Bahian
3. Nussi
4. Ball
5. Kangniwal

Dr. Manoj Kumar, Principal, DAVIET congratulated and appreciated the efforts of Department of NSS for this achievement while appointing Dr. P S Mann (NSS Nodal Officer) as Institute Project Coordinator for Unnat Bharat Abhiyan Mission. Dr. Manoj Kumar reconfirms his commitment to accomplish the mission of Mahatma Gandhi“**Village Swaraj**”,through this project of national importance.

DAV INSTITUTE OF ENGINEERING & TECHNOLOGY

Kabir Nagar, Jalandhar, Punjab - 144 008

Accredited by NAAC with "A" Grade & Recognized by UGC under Section 2(f)

Approved by AICTE; Affiliated to IKG-PTU, Jalandhar | Managed by DAV College Managing Committee, New Delhi

Ref. No. : DAVIET/2018/19/6612

Dated : 28/09/18

To

District Collector
Jalandhar, Punjab.

Subject: Identification of villages under the UBA program.

Dear Sir

Ministry of Human Resources Development (MHRD), Government of India has launched the national program called Umat Bharat Abhiyan (UBA), with the vision to involve professional and higher educational institutions in the development process of rural areas in the country to achieve sustainable development and better quality of life. Indian Institute of Technology, Hauz Khas, New Delhi has been designated to be the National Coordinating Institute by the Ministry.

Our Institution, **DAV INSTITUTE OF ENGG. AND TECHNOLOGY, JALANDHAR (C-10384)** has agreed to participate in UBA as a Participating Institute (PI). **Dr. P. S. Mann (+91-9888395367)** has been duly authorized in this regard from our side to carry on the activities of UBA in our organization as Project Coordinator.

Under the UBA program every Participating Institute is to adopt a cluster of five villages in consultation with the Districts Collector. This is to bring to your kind notice that we have proposed the following villages in the district (Jalandhar, Punjab.)

1. Randhawa Masand
2. Kala Bahian
3. Nussi
4. Ball
5. Kangniwal

In view of the above the Project Coordinator may contact your officer for the purpose. We request you to please help and cooperate in the matter.

With regards

Your Sincerely,

Dr. Manoj Kumar

- **Awareness cum plastic collection drive at village Randhawa Masanda and Ball**

DAVIET conducted an awareness cum plastic collection drive at village "Randhawa Masanda and Ball", which are one of the villages adopted under Unnat Bharat Abhiyan (UBA) of MHRD, Govt. of India. NSS volunteers collected the plastic waste from all households and make them sure not to adopt single use plastic in future

- **Awareness campaign on Drug de-addiction Under “Buddy Programme**

Various activities were organized by different departments of the institute under **Buddy Programme (an initiative of Government of Punjab against Drug Abuse)**. Presentations were given by the buddy groups of different classes covering the following topics:

- Drug Addiction and Drug Abuse
- Reasons to use drugs
- Stages of use of Drugs
- Effect of Drugs on Brain
- Education to Prevent Drugs

Students got to know about the impact of alcohol and other drugs on an individual’s behavior and suffering of the nation as a whole. Students also took pledge not to indulge in any kind of drug consumption.

Swachhata hi Sewa campaign

Under 'Swachhata hi Sewa' campaign, NSS wing of DAVIET conducted an awareness cum plastic collection drive at village " Nussi and Kala Bahian", which are one of the villages adopted under Unnat Bharat Abhiyan (UBA) of MHRD, Govt. of India. NSS volunteers collected the plastic waste from all households and make them sure not to adopt single use plastic in future.

○ Programs conducted by Institute Women sensitization cell

A Webinar on “FEMININE Vs MASCULINE, Balance of powers to achieve greatness”

Gender sensitization is a weapon towards gender equity and equality. It is essential for creating sustainable development as enshrined in our constitution. Gendered assumptions and gender-based social discriminations exist throughout society from organizational planning to everyday interactions at the workplace. Negative impacts of such assumptions can undermine the efficiency and success of even the best-intentioned plans. Considering unavoidable repercussions of gendered assumptions Gender Sensitization Cell, DAVIET organized a webinar on “FEMININE Vs MASCULINE, Balance of powers to achieve greatness”, on **June 29th, 2021**.

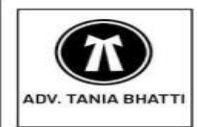

The Resource Person of the webinar was Ms. Nandita, Founder and CEO, Zaivic Tech Wellness, Entrepreneur, Life Enthusiast and author of “Spiritual Quotient Coach”. This webinar was an opportunity to revitalize our notions about the above-mentioned topics and to make a gender-equal society.

DAVIET presented Influential Women Awards

DAVIET presented influential women awards to celebrate the era of feminism. On the occasion of International Women's day (March 8, 2022) it was an initiative by the institute to acknowledge the milestones achieved by women in diverse fields. The idea behind the initiative was to spread gender sensitization so as to create a better society.

Office Circular

The NSS unit of DAVIET has planned a tree plantation drive campaign "One Student One Tree". The campaign got started on August 03, 2019 and will be completed up-to August 15, 2019. Bearing in mind the target of 1100 trees to be planted under this plantation drive, each student of first year classes will plant one tree; and, the record of the same will be maintained in the tree log book at DAVIET. In the tomorrow's plantation drive, the students of B.Tech. (CSE) – 1st year will plant trees. The student having planted tree shall be responsible for its growth and care.

All the faculty/staff & students are required to participate whole heartedly in this tree plantation drive for contributing towards green & healthy environment.

Further, all the HoD(s) are required to give the dates of preference up-to August 15, 2019 for plantation drive of newly joined students in their respective departments to Dr. P.S. Mann, NSS Nodal Officer.

All the HoD(s) of centralized departments are requested to join us at 11 AM, tomorrow, the 08.08.2019 outside Burton Park in the green belt allotted to DAVIET on the Mahatma Hans Raj Marg, near DAV Rail over Bridge (ROB).
