SEMINAR ON PUBLIC SPEAKING ON 19TH FEB, 2020 BY DR. SHARAD MANCOCHA

REPORT OF THE PROGRAM

An Expert Lecture on "Public Speaking" was organized in DAVIET in which Mr. Sharad Manocha, Associate Professor in English, DAV College, Jalandhar was the resource person. In his lecture, he presented the idea that oratory is skill that can be nurtured by practice and learning. With better communication skills we can touch emotional cord of people. Then he discussed some dynamics of public speaking like one should be always prepared before going to stage, take pauses, use short sentences, avoid using clichés, slangs and proverbs, use right and perfect quotes, use wit and humour to avoid monotony, use verified facts, let the audience feel involved and avoid eye-trap while delivering speech on stage.

PRESENTATIONS BY STUDENTS IN LANGUAGE LAB

The presentations of students on different topics have been conducted in the language lab. The sample of one of the presentation of the student has been shown below;

The presentation is displayed within a large black-bordered frame and consists of six individual slides arranged in a 3x2 grid. The top-left slide is a title slide with a collage of images and text. The top-right slide is a simple title slide. The middle-left slide is a table of contents. The middle-right slide is an introduction. The bottom-left slide defines communication. The bottom-right slide shows a communication process diagram.

Slide 1 (Top-Left): Submitted to: Koushik Kaur. Submitted by: MD HASI, Roll No.: 2126, Branch: E.C.A.

Slide 2 (Top-Right): PRESENTATION ON COMMUNICATION

Slide 3 (Middle-Left): CONTENT

- Introduction
- What is communication ?
- How the communication process work
- Types of communication ?

Slide 4 (Middle-Right): Introduction. The word communication is derived from a Latin word meaning "to share." communication can be defined as "purposefully and actively exchanging information between two or more people to convey or receive the intended meanings through a shared system of signs and (symbol)" "Communication,"2015,para.1.

Slide 5 (Bottom-Left): What is communication. Communication means exchanging of views, ideas, thoughts, emotional, feeling through gestures, word writing with someone & conveying your message and getting proper reply and feedback.

Slide 6 (Bottom-Right): How the communication process work:
Diagram showing SENDER → MESSAGE → RECEIVER, with a FEEDBACK loop from RECEIVER back to SENDER.

Types of communication

Four types of communication.

(i) VERBAL COMMUNICATION :-

Occurs when we engage in speaking with others. Some verbal engagements are informal. For example :- face, over the telephone, via skype or zoom etc.

(ii) NON-VERBAL COMMUNICATION

Is the transmission of message or signal through a non-verbal platform. If you are engaged in a conversation with your boss about your cost-saving idea, it is important to pay attention to both their words and their non-verbal communication.

For example: eye contact, smiling, scrunched up face

(iii) WRITTEN COMMUNICATION

means the sending of messages, orders or instructions in writing through letters.

For Examples :- Electronic mail, Internet Web sites, letters, proposals, telegrams, faxes etc.

(iv) VISUAL COMMUNICATION:-

We are a visual society think about it, television are running 24/7, facebook is visual with memes, video images etc.

For Example :- Chalk board or White board, Poster board, Hand outs, Video excerpts, Projection equipments etc.

THANK YOU

A Dictionary of Lewis Carroll

Who was Lewis Carroll?

Lewis Carroll was an English mathematician and writer, best known for his children's novels *Alice's Adventures Under Ground*, *Alice's Adventures in Wonderland*, and *Alice's Adventures Through the Looking-Glass*. He was a mathematician at Christ Church, Oxford, and was appointed a lecturer in mathematics. Carroll was shy but enjoyed writing stories for children. He wrote from his own mind. Alice's Adventures in Wonderland and Through the Looking-Glass.

- Early life:

Charles Lutwidge Dodgson, best known by his pen-name Lewis Carroll, was born in the village of Daresbury, England, on January 27, 1832. The eldest boy in a family of thirteen, Carroll was a rather quiet and studious boy and did not enjoy the physical education most boys in the school enjoyed. As a boy, Carroll excelled in mathematics and won many academic prizes. At age 10, he was awarded a student ship to Christ Church, Oxford, from being a scholar in mathematics. He was an avid photographer and wrote many fictional mathematical papers, "The Hunting of the Snark".

Summary of Alice's Adventures
In Wonderland

Chapter 1: Down The Rabbit-hole

Alice is sitting with her sister on the bank of a stream and is very bored. She sees a white rabbit running by her. It is wearing a waistcoat and she takes a watch out of its pocket, while waiting to buy some bread and butter. I should be late! She gets very curious and follows him down the rabbit-hole.

The rabbit-hole suddenly goes straight down and Alice falls about 2000 feet. She falls away slowly and feels like a falling leaf. She lands on a heap of sticks and dry leaves and the fall is over. She sees the white rabbit coming in front of her through a large opening and she continues to follow him.

Alice sits down under a tree. The rabbit is gone and Alice finds herself in a large, low hall. There are doors all round the walls.

Chapter 2: The Pool of Tears

Suddenly Alice finds herself growing and she continues growing until she reaches the ceiling. Alice is able to get the key from the table and again sit at the top of the door. The situation makes her try and she cries until there is a large pool all round her, which reaches half way to the ceiling.

The white rabbit returns and she happily dances and catches a pair of white gloves and a large fan. Alice looks for the key but the rabbit is so frightened that he drops the gloves and the fan and another family comes and she remembers what she had seen. This day is different from every other. She decides that she must have been changed into another girl in the night as she can't remember her multiplication tables or geography, civics and isn't able to write a poem properly.

The family makes Alice dance again until she is two feet high. She finds again to catch the key but it is still locked.

STUDENT INDUCTION PROGRAM- 2017 (SIP-2017)

REPORT OF THE PROGRAM

DAV Institute of Engineering and Technology organized the **Induction Training Program** from 4-7-2017 to 14-07-2017 for the new entrants in B.Tech. First year. This Program was aimed to provide the students the necessary information and the exposure to perform well during their stay in the college. During the program, students were provided information regarding **Research Opportunities, Academic Initiative, Job Scenarios, and the required skills set, Community Services Initiatives, Entrepreneurship Cell & Startups, Sports and Culture Activities, Student welfare initiatives & various Clubs activities.**

The special attraction was the **eight motivational interactive sessions** with industry academia leaders like **Mr. Simarjeet Singh**, an International Motivational Speaker, **Ms. Tarveen Kaur**, a Personal Performance Coach, **Ms. Navneet Bal**, SDM Shahkot, **Mr. Satnam Singh Manak**, Senior Journalist, **Dr. Udyan Arya**, Principal Gurukul Kartarpur, **Mr. Ahsan ul Haq** President JMA, **Mr. Sudhir Gera** and **Mr. Suresh Seth.**

The Students were also provided with an opportunity to learn French Language during the program for which **Ms. Nabnita Sinha** was the expert. Students were also provided a basic knowledge of the role of the Sciences, the importance of English and Engineering vocabulary through interactive sessions between various HODs/faculty and the students. Various clubs of the institute showcased their talent and their achievements so that the new entrants are enthused to join these clubs to hone their talents. During this induction program students were tested on their skills and generated a self assessment of their own.

ENGINEERING INDUCTION PROGRAM- 2018

REPORT OF THE PROGRAM

Engineering Induction Training Program for the new entrants in B. Tech. First year was organized by the department of Applied Sciences from 16 July to 3 August, 2018. The Induction Program aimed at providing the students the necessary information and the exposure to perform well during their stay in the college. During the program, students were provided information regarding **Research Opportunities, Academic Initiatives, Job Scenarios and the required skills set, Community Services Initiatives, Entrepreneurship Cell, Sports and Culture Activities.** The special focus of the Engineering Induction Training Program was to inculcate the qualities of team spirit and universal human values by encouraging students to introspect and discuss their views in special interactive sessions. To help the students know their purpose in life and remain motivated to achieve their goals special **motivational sessions** with industry academia leaders were organized. The prominent among them were **Mr. Simerjeet Singh**, an International Motivational Speaker, **Ms. Tarveen Kaur**, a Personal Performance Coach, **Mr. Deepak Vohra**, experienced Indian diplomat ambassador, **Dr. Pallavi Khanna**, a psychologist of repute, **Mr. Jatendra Narula** who is the AICTE Punjab nominee for Engineering Induction Training Program, **Dr. Ramnita Sharda**, Associate Professor of English and **Dr. Narinder Singh**, Associate Professor, Chemistry, IIT Ropar.

Day one concluded with the registration of students and the parents interaction with the faculty of the Department of Applied Sciences which was followed by a visit to various labs and the remaining days were scheduled from early morning till evening by different activities of **Yoga, Art & craft** and informatory sessions by different **Deans, Wardens, Librarian, Cells and clubs** of the institute.

LECTURE SERIES ON PREREQUISITES OF MAJOR SUBJECTS

Lectures on pre requisites for the subjects of Physics, Mathematics, Chemistry and English were organized by the faculty of Department of Applied Sciences to bridge the gap in the knowledge of students in respective subjects. Some students are found lacking in basic understanding of the essential concepts and through these lectures they were provided theoretical knowledge and practical training sessions through which an attempt was made to bring them at par with the other students.

ENGINEERING INDUCTION PROGRAM

Bachelor of Technology (2020-2024)
★ SEP 22 - SEP 28, 2020 ★

REPORT OF THE PROGRAM

Department of Applied Sciences organized one week online Engineering Induction Training Program (SIP – Student Induction Program) for the new entrants in B.Tech First year here from 22 to 28 September, 2020. The Induction Training aimed at equipping the students with the necessary skills set to perform well in the latest phase of their lives. During the program, students will be provided information regarding Research Opportunities, Academic Initiatives, Job Scenarios, and the required skills set, Community Services Initiatives, Entrepreneurship Cell, Sports, and Culture Activities. The special attraction was the keynote address on day one by Mr. Pardeep Sharma, a motivational speaker of repute.

Dr. Manoj Kumar, Principal DAVIET, welcomed the new entrants to DAVIET campus. He highlighted the fact that that by securing a seat in the Institution the students have taken that initial step towards achieving their goals as DAVIET is a nationally acclaimed institution of technical education. He highlighted the fact that we are passing through unprecedented times, but DAVIET is fully prepared to tackle any exigency. He shared that he is hopeful that students will be able to come to college in batches from October onwards and assured the parents that the safety of the students is the topmost priority of the Institute. To achieve the aim, the institute will be going with a split classroom teaching and a blended model of education wherein norms of social distancing will be followed, and half of the class will attend the lecture online. He also shared that DAVIET is one of the two institutes which is offering the students Hons and Minor degrees alongside their regular degrees. He urged the students to give their best in every situation and be the flag bearers of DAVIET name.

The chief attraction of the program was the keynote address by Mr. Pardeep Sharma, a motivational speaker of repute. He highlighted the importance of knowing one's purpose in life because without a purpose, one's life is like a rudderless ship. He also shared the need of having passion and commitment towards one's goal. He shared the fact that adaptability is the buzz word which can take an individual places and in the current Covid 19 scare it has become the chief survival skill. He enthused the students to dream big and give their best to make learning a habit.

INDUCTION PROGRAMME**

Bachelor of Technology (2021-22)
October 11-October 29, 2021

*Change is the End Result
of True Learning.*

REPORT OF THE PROGRAM

SIP [Student Induction Program] for the new entrants in B. Tech. First year was organized by the department of Applied Sciences from **October 11 to 29 October, 2021**. The Induction Program aimed at providing the students the necessary information and the exposure to perform well during their stay in the college. During the program, students were provided information regarding **Research Opportunities, Academic Initiatives, Job Scenarios, and the required skills set, Community Services Initiatives, Entrepreneurship Cell, Sports and Culture Activities**. The special focus of the Student Induction Program was to inculcate the qualities of team spirit and universal human values by encouraging students to introspect and discuss their views in special interactive sessions. To help the students know their purpose in life and remain motivated to achieve their goals special **motivational sessions** with industry academia leaders were organized.

Dr. Ashok Kumar, Associate Professor, Department of Applied Sciences, on behalf of our Head of the Department & Associate Professor, **Dr. Kanchan L Singh**, welcomed the new entrants. He highlighted that DAV provides a unique blend of modern scientific knowledge with rich Vedic Arya Samaj Values. Further, he added that in the modern-day world, having the technical know-how is essential, but at the same time, the understanding of social responsibility leading to mutual harmony is a must. He highlighted the need to remain motivated and focused during the tough times of pandemic to bring about new dawn where everyone is safe and healthy. He encouraged the students to give their best to follow in their seniors who have made stellar achievements making DAVIET a high seat of learning.

Worthy **Principal, Professor (Dr.) Manoj Kumar**, welcomed the new entrants to the DAVIET campus. He highlighted that by securing a seat in the institution, the students took that initial step towards achieving their goals as DAVIET is a nationally acclaimed technical education institution. He highlighted that we are passing through unprecedented times, but DAVIET is fully prepared to tackle any exigency. He highlighted the achievements of the alumni and motivated the new entrants to follow in the footsteps of their seniors. He also shared that DAVIET is the only institution that MSME has recognized as a host institution. He urged the students to come up with unique ideas about entrepreneurship, and the institution could help get a grant of up to 15 lakhs for the project. Finally, he urged the students to give their best in every situation and be the flag bearers of DAVIET.

STUDENT INDUCTION PROGRAM-2022

DAV Institute of Engineering and Technology conducted the Student Induction Program for the new entrants of B.Tech First year from 5th September 2022 to 30th September 2022. The Induction Training aimed to equip the students with the necessary skills set to perform well in the latest phase of their lives. During the program, students were provided information regarding Research Opportunities, Academic Initiatives, Job Scenarios, and the required skills set, Community Services Initiatives, Entrepreneurship Cell, Sports, and Culture Activities. The unique attraction was the keynote address on day one by Mr. Simerjeet Singh, an international motivational speaker, and Acharya Raju Vigyanik, an eminent Arya Samajist.

DAV INSTITUTE OF ENGINEERING & TECHNOLOGY, JALANDHAR
Student Induction Program (Undergraduate) (2022-2023)
Four Weeks Duration (5/9/2022 to 30/9/2022)

Ref. No.: 2985

Date: 03/09/2022

DAVIET, Jalandhar is going to organize a Student Induction Program (SIP) for the students of B. Tech. Ist year (Batch 2022-2026) from 5 Sept 2022 to 30th Sept 2022. Since July 2018, AICTE has introduced a mandatory 3-week long induction program for the UG students entering the institution, right at the start of the session. Normal classes start only after the induction program is over. Its purpose is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, and develop awareness, sensitivity, and understanding of the self, people around them, society, and nature at large.

You are to report on 5 Sept 2022 at 8.30 A.M. in the Convention Hall of the institute for registration and Inauguration of the Student Induction Program.

Course Outcomes of Student Induction Program SIP-2022

After Successful completion of the course, the students are expected to:

- **CO1:** To understand the overall structure of the curriculum of the respective B. Tech programs and equip them with the prerequisites of the core subjects.
- **CO2:** To imbibe the DAVIET philosophy and core values by interacting with Dean(s)/HOD(s)/Faculty/Staff/Students/experts, and eminent personalities.
- **CO3:** To inculcate team spirit, social responsibility, and innovation through club(s) activities.
- **CO4:** To develop a holistic perspective of life and critical thinking skills for lifelong learning.
- **CO5:** To identify critical, social & environmental issues and propose workable solutions.
- **CO6:** To appreciate and be proud of our rich culture and heritage by visiting prominent nearby places.

Program Outcomes

- **PO1:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization for the solution of complex engineering problems.
- **PO2:** Identify, formulate, research literature, and analyze complex engineering problems reaching substantiated conclusions using the first principles of mathematics, natural sciences, and engineering sciences.
- **PO3:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for public health and safety, and cultural, societal, and environmental considerations.
- **PO4:** Use research-based knowledge and research methods including design of experiments, analysis, and interpretation of data, and synthesis of the information to provide valid conclusions.
- **PO5:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools, including prediction and modeling to complex engineering activities, with an understanding of the limitations.
- **PO6:** Apply reason informed by the contextual knowledge to assess societal, health, safety, legal, and cultural issues, and the consequent responsibilities relevant to the professional engineering practice.
- **PO7:** Understand the impact of professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- **PO8:** Apply ethical principles and commit to professional ethics, responsibilities, and norms of the engineering practice.
- **PO9:** Function effectively as an individual, and as a member or leader in diverse teams, and multidisciplinary settings.
- **PO10:** Communicate effectively on complex engineering activities with the engineering community and the society at large, such as comprehending and writing effective reports and design documentation, making effective presentations, and giving and receiving clear instructions.
- **PO11:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's work, as a member and leader in a team, to manage projects, and in multidisciplinary environments.
- **PO12:** Recognize the need for and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.”

REPORT OF THE PROGRAM

A Spiritual Discourse on the importance of Vedic life was delivered by Acharya Raju Vigyanik here at DAVIET campus on 15 September, 2017. The lecture series was in association with Arya Samaj Vikramapura Jalandhar to enlighten the students about the importance of Vedas in one's life.

Sh. Rajesh Premi Jee started the spiritual proceedings with recital of bhajans. Acharya Raju Vigyanik stressed upon the fact that DAVIET stands for providing quality technical education to its students which is in consonance with the rich Arya Samaj ideals. Acharya Raju Vigyanik in a very interactive way touched upon various problems facing the modern man today.

REPORT OF THE PROGRAM

A spiritual evening was organized at DAVIET campus on 24th September, 2018 to enlighten the faculty and students about emotional and spiritual awakening to lead a balanced life. **Mahatama Chaitanya Muni Jee** and **Mata SatyaPriya** were the spiritualists who graced the occasion.

Mahatama Chaitanya Muni Jee, in his spiritual discourse shared with the audience that we need to be more humane to create a just society. He also highlighted that there is need to believe in God as an individual who is a true believer is self-confident that God is always there to guide and protect him. He also shared that it is God who is omnipresent and omnipotent. He advised the students to surrender in front of the Almighty as it is only through supplication that we can gain wisdom and knowledge. He also motivated everyone that the need of the hour is to differentiate between religion and communalism as true religion never divides.

LECTURES ON UNIVERSAL HUMAN VALUES BY THE FACULTY OF APPLIED SCIENCES FROM 22nd TO 25th JULY, 2019 AND FROM 14th TO 21st October, 2021

REPORT OF THE PROGRAM

Department of Applied Sciences arranged **Human values lectures for personal counselling of the students.** Counseling of the students is done through Human Values course, in a very different way. It is not in response to a specific problem being faced by a student. Its subject matter is general, namely, life itself. The desired outcome is that the student develops ability to deal with different life situations -and thereby leads satisfying and happy life in accordance with his values (or human values). Students get an exposure to a holistic vision of life, develop awareness, sensitivity and understanding of the Self---family---Society---Nation---International---Entire Nature.

MENTOR - MENTEE SYSTEM FOR PERSONAL COUNSELLING

Mentoring is also a part of personal counselling of students. It provides students emotional and instrumental support, guidance, encouragement, and better environment in the institute. For this purpose, student mentoring system has been introduced in every department of the institute. The faculty is involved in the process of mentoring. Every mentor is allotted with about 10 to 30 students to take care of them depending upon the programme and division. Mentors- mentees' meetings are scheduled and conducted effectively to provide the students personal counseling, to support them for any kind of difficulty in their curriculum, to make provision of remedial coaching for them and to always support them as and when required.

The lists of Mentors- mentees system of department of Business Administration for different batches and mentoring details of the department of Electrical Engineering are shown below.
